Dear Prof. Bucherer,

After conclusion of the process of controlling and handing over of the objects, collected at the *Afghanistan-Museum in Exile* in Bubendorf/Switzerland to the *Afghan National Museum* in Kabul/Darulaman, I confirm that we have received all the 1.423 objects, which were catalogued by Miss Carla Grissmann over the years in Switzerland. There have been:

• Ethnographic objects	1.233
• Archaeological objects	154
• Objects for the National Archive	<u>36</u>
Total	1.423

With this re-patriation of the collected objects to Afghanistan, the project of the *Afghanistan-Museum in Exile* has successfully been concluded.

I thank you, as well as the Swiss Government, especially the Swiss Commission for UNESCO, for all the support you have provided to protect and safeguard an important part of Afghan cultural heritage.

Sincerely yours,

Omara Khan Massoudi

Director General of the
Afghan National Museums
